

Cybersmart SAFETY TIPS

Add these useful tips to your cybersmart arsenal to keep yourself and your organization safe!

PHISHING

Always verify email addresses and links, and be wary of unexpected attachments or urgent requests for sensitive information.

BUSINESS EMAIL COMPROMISE

Ensure all business communication is verified through known contacts and secure communication channels.

PRETEXTING

Verify the requester's identity through trusted communication channels before sharing sensitive information or complying with any unusual requests.

AI CHATBOTS

Follow your organization's policy regarding the use of AI chatbots. Never share any personal or organizational information with them.

SOCIAL MEDIA

Set strict privacy settings and be cautious about sharing personal information, location, or other sensitive details on social media platforms.
